QUIZ 1c (OBE-Statement) (16 marks)

May 2008 – June 2008

Master Facilitator: Assoc. Prof. Dr. Jaafar Jantan a.k.a. Dr. JJ

The learning outcome to be measured is: "the ability to write, explain and relate the terms used in OBE". The assessment tool used to make measurement is The Concept Map.

A concept map is simply a visual representation of your knowledge regarding concepts and propositions with regard to a focus question on a selected topic. Two concepts (concepts are in oval boxes) are connected by an arrow via a link-word (in rectangular boxes).

The focus question is "What is OBE?"

**Instruction:** Using the list of concepts provided, match it in the empty oval boxes. Using the list of link-words provided, match it in the empty rectangular boxes. Each concept and each link-word can only be used once.

Time: 15 minutes.
